Application Questions

These questions are provided for your further study and application of today's message. Thoughtfully writing out the answers to these questions will help to drive home the point of today's message. It is also helpful to discuss your answers with others. This can take place with friends, your family, accountability partners, or ministry groups within the church.

1. Satan is a masterful salesman. The problem is, he is always peddling junk. List some strategic and successful ways that he has promoted the pleasures of "sex out of context" while deceptively hiding the high price tag that comes with it.

2. In our study of 2 Samuel 13 we saw how sexual sin cost Amnon, Tamar, and their entire family. In your own words, describe the damage that sexual sin creates in a modern context for the following two groups.
 - the damage suffered by *those who commit it*.

 - the collateral damage suffered by *the loved ones* of those who commit it:

What practical steps can you take to keep the resultant damage in mind before you are hit with your next sexual temptation?

3. Carefully explain the difference between *real love* and a *selfish desire* (being aware that this is a distinction that Satan will most certainly want to confuse in your heart).

What reminders can you establish to insure that your relationships are always founded on *real love* instead of *selfish desires*?

4. How different do you think your future would be if it was punctuated with sexual sin instead of being lived from this day forward without any incidence of sexual sin?
