Application Questions

These questions are provided for your further study and application of today's message. Thoughtfully writing out the answers to these questions will help to drive home the point of today's message. It is also helpful to discuss your answers with others. This can take place with friends, your family, accountability partners, or ministry groups within the church.

1. List two or three victories, triumphs, or successes in the following areas of your life. Find something to note in each area even if the victory is a small one, or even if there is a raging battle going on in that area right now.

→ in your quest to know God better

→ in your battle to live righteously

→ in your relationship with your family

→ as it relates to your health

→ in the area of finances

2. Make the "God connection" between the victories you've listed and God's providential and loving care of your life. Read 2 Samuel 22:20 and write out a thankful response to the truth that God has done these things for you because he cares for you.

3. How mindful of life's victories would you say you usually are when you come to our time of corporate worship at PCC? What practical steps can you take to keep these in the forefront of your mind when we gather for worship?

4. Benaiah, Mebunnai, Eliahba, Zelek, and Gareb were among the many warriors that God's word was careful to honor as key players in the victories of David. Who are some of the people that you need to recognize for having a part in the victories of your life?

How will you honor them?
