Application Questions

These questions are provided for your further study and application of today's sermon. Thoughtfully writing out the answers to these questions will help to drive home the point of today's study. It is also helpful when you are able to discuss your answers with others.

1. How is your time in the word? What are you doing to increase your knowledge of biblical truth?
2. What steps can you take to more actively and purposefully impart biblical information to your kids or grandkids?

In the resource box below, which book would be appropriate and potentially most helpful for your child, grandchild, niece or nephew?

3. How is your prayer life? What is the best time of day for you to spend in focused prayer?

At what points during the day, together with your kids (or other family members) can you add brief times of prayer?

4. What are some of the benefits of teaching kids to be generous with money?
5. Read **Philippians 2:3-4**. What suggestions would you give to parents to help their kids move from seeing church attendance from a consumer's point of view to seeing church involvement from a servant's point of view?
